Electronic Case Files System User's Manual

Getting Started

Introduction

This manual provides instructions on how to use the Electronic Filing System to file documents with the court, or to view and retrieve docket sheets and documents for all cases assigned to this system. Users should have a working knowledge of word processing, web browsers, file management and Adobe Acrobat.

Help Desk

Contact the Court's Help Desk between the hours of 8:00 a.m. and 5:00 p.m., Monday through Friday, if you need assistance using ECF.

Toll Free Help Desk

Access to ECF Information and Resources

For up-to-date information on ECF, visit the U.S. District Court web site at:

www.mnd.uscourts.gov

- View or download the most recent version of the User's and Procedural Manuals
- Self-train on a web-based ECF Tutorial
- Practice entering pleadings into ECF using a "training" database that is similar to the official live ECF database
- Review Frequently Asked Questions (FAQs) page
- View CM/ECF Introductory video

ECF System Capabilities

The electronic filing system allows registered participants with Internet accounts and web browsing software to perform the following functions:

- Electronically file pleadings and documents in actual ("live") cases
- View official docket sheets and documents associated with cases
- View various reports for cases that were filed electronically

Requirements

Hardware and Software Requirements

The hardware and software needed to electronically file, view and retrieve case documents are the following:

- A personal computer running a standard platform such as Windows or Macintosh.
- A PDF-compatible word processor like Macintosh or Windows-based versions of WordPerfect or Word.
- An Internet Service provider.
- Netscape Navigator version 7 or Internet Explorer 6.0. Older versions of these web browsers are also compatible with ECF.
- Software, such as Adobe Acrobat Writer or pdfFactory, to convert documents from a word processor format to portable document format (PDF).
- 1. Adobe Acrobat Reader, which is available for free, is needed for viewing PDF documents.
- A scanner to transmit documents that are not in your word processing system. **Note: This would only be used for documents that cannot be produced electronically. Scanned documents lessen the level of service we provide by slowing down the entire system. We are moving away from the utilization of scanned documents internally and are asking you to do the same whenever possible.**

PACER Registration

ECF users must have a PACER account with the Court in order to use the Query and Report features of the ECF system. If you do not have a PACER login, contact the PACER Service Center to establish an account. You may call the PACER Service Center at (800) 676-6856 or (210) 301-6440 for information or to register for an account. Also, you may register for PACER online at <http://pacer.psc.uscourts.gov>.

Registering for Access to ECF

Participants will need to register with the court to receive a login and password for the ECF system. Registration information is available on our web site at <http://www.mnd.uscourts.gov/cmecf>.

Once an account has been established, the Office of the Clerk will send your login and password to you by regular, first-class mail or by e-mail. Note this information must be sent directly to the attorney of record and not to support staff.

Registered users can visit a training version of the system on the Internet at <https://ecf-train.mnd.uscourts.gov> to practice ECF activities. We strongly recommend that registered users practice in the “training” ECF database before filing documents in the “live” ECF database.

Preparation

Setting Up the Acrobat PDF Reader

Users must set up Adobe’s Acrobat Reader software in order to view documents that have been electronically filed on the system. All pleadings must be filed in PDF format. When installing this product, please review and follow Adobe’s directions to utilize Acrobat Reader after installation.

Portable Document Format (PDF)

Only PDF (Portable Document Format) documents may be filed with the court using the ECF system. Before sending the file to the court, users should preview the PDF formatted document to ensure that it appears in its entirety and in the proper format.

How to View a PDF File

- Start the Adobe Acrobat program.
- Go to the ***File*** menu and choose ***Open***.
- Click on the location and file name of the document to be viewed.
- If the designated location is correct, and the file is in PDF format, Adobe Acrobat Exchange loads the file and displays it on the screen.

-
- If the displayed document is larger than the screen or consists of multiple pages, use the scroll bars to move through the document.
 - Click on the **View** menu for other options for viewing the displayed document. Choose the option that is most appropriate for the document.

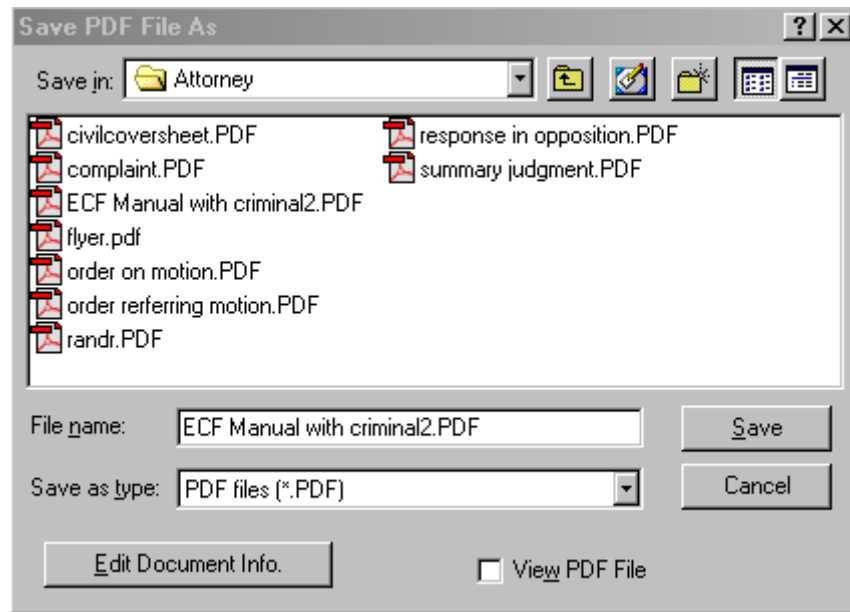

How to Convert Documents to PDF Format

You must convert all of your documents to PDF format before submitting them to the Court's Electronic Case Filing (ECF) system. The conversion process requires special software such as Adobe Acrobat Writer or FinePrint pdfFactory. WordPerfect versions 9 and 10 have Acrobat Writer built-in and can also be used to convert documents to PDF. The District Court of MN does not care what software is used to convert the file. Other options besides Adobe Acrobat include using the features already available within your word processing software, or any of the following:

BCL easy PDF 3.1
eDocPrinter PDF Pro 5.58
eXPert PDF Pritner 2.0
FinePrint pdfFactory PRO 1.57
Jaws PDF Creator 3.0
LeadTools ePrint 3.0
1-Step RoboPDF 3.0 beta
pdf995 and pdfEdit 995
PDF-XChange 2.5
PowerPDF 2.0
602Pro Print Pack 2002
Win2PDF Pro

Using any word processing program convert the file to PDF by:

- Installing Acrobat Writer, FinePrint pdfFactory, or any other software with the capability of converting documents to PDF on your computer.
- Open the document to be converted.
- Select the **[Print]** option (generally found in the File menu) and in the dialog box select the option to change the current printer. A drop down menu with a list of printer choices is displayed.
- Select **Adobe PDFWriter** or **FinePrint pdfFactory***

- “Print” the file. The file should not actually print out; instead the option to save the file as a PDF format file appears.
- Make a note of the file location so you can find the document later when you are ready to upload it. Change the location if necessary by clicking in the “Save in” area of the window.
- Name the file, giving it the extension “.PDF” and click the [Save] button.

Depending on the word processing program being used, it may be necessary to find the printer selection option elsewhere. At that point, change the printer to Adobe PDFWriter, and follow the directions above.

**You must have either Adobe Acrobat Writer or FinePrint pdfFactory installed on your computer to see these choices listed.*

Basics

User Interactions

There are three general types of user interactions allowed by the system:

- Entering information in data fields.
- Using command buttons to direct system activities.
- Mouse-clicking on hyperlinks.

Conventions used in this Manual:

- Data to be entered by the user is shown enclosed in angle brackets: <data to be entered>.
- Command buttons are represented in this manual in **[bracketed boldface type]**.
- Hyperlinks are represented in **underlined boldface type**.

Documents Filed In Error

A document incorrectly filed in a case may result from a) posting the wrong PDF file to a docket entry; b) selecting the wrong document type from the menu; or c) entering the wrong case number and not discovering the error before completing the transaction.

Generally, the U.S. District Court of Minnesota will be leaving incorrectly filed documents, in the correct case, on the ECF system. If the document was filed in the incorrect case and needs to be moved to the correct case, please use the phone number below to request a correction:

Toll Free Help Desk

1-866-325-4975

Please make the call as soon as possible after an error is discovered. You will need to provide the case and document numbers for the document requiring correction. If appropriate, the court will make an entry indicating that the document was filed in error. You will be advised if you need to re-file the document. The ECF system does not permit you to change the misfiled document(s) or incorrect docket entry after the transaction has been accepted.

User's Manual

You can download or view the most recent version of the ECF User's Manual (in PDF format) from the District Court's web page. Enter <http://www.mnd.uscourts.gov>, when the court's web page opens, click on the **Electronic Case Filing** hyperlink. Another helpful document to download is the ECF Procedures Guide. Having the latest copies of both of these documents on hand for reference will increase your success when e-filing in the ECF system.

A Step-By-Step Guide

Below is a step-by-step guide for accessing the ECF system, preparing a document for filing, filing a motion or application, and displaying a docket sheet. We suggest that you go through the steps on the training database before trying to actually file a document.

-  clears **all** characters entered in the box(es) on that screen.
-  or  accepts the entry just made and displays the next entry screen, if any.

Signatures; Affidavits of Service

Documents, which must contain original signatures or require either verification or an unsworn declaration under any rule or statute, shall be filed electronically with originally executed copies maintained by the filer. The pleadings or other documents electronically filed shall indicate a signature, e.g., “s/Jane Doe.”

In the case of a stipulation or other document to be signed by two or more persons, the following procedure applies:

- (a) The filing party or attorney shall initially confirm that the content of the document is acceptable to all persons required to sign the document and shall obtain the physical signatures of all parties on the document.

The Court will accept complaints sent by e-mail, sent by U. S. Mail, or delivered in person to the clerk's office.

E-Mail

If you e-mail your initiating documents you must send the PDF versions of the complaint and civil cover sheet and indicate the payment option you wish to use for the filing fee. If you are applying for IFP status, this document may also be submitted in PDF and included in the e-mail to following address: newcases@mnd.uscourts.gov

Delivered in Person

If you wish to deliver your documents in person to the clerk's office you may bring the civil cover sheet (JS-44) and the complaint, which lists the case party information, and a check, money order or credit card in the amount of \$350.00. The court will accept the documents in paper format (which will be scanned by the clerk's office) or on disk/CD ROM.

Mailing Documents

Mailing the initiating documents will not be any different from the standard procedures the court currently has in place for handling initiating documents. Please send your civil coversheet, complaint and form of payment (or an IFP application) and the clerk's office will initiate the case.

Summonses

- a. The clerk's office will receive summonses to be issued sent by e-mail, sent by United States mail, or delivered in person to the clerk's office.
- b. E-mail summonses may be sent to the e-mail addresses listed above along with the initiating case documents.
- c. A party may not electronically serve a summons, but instead must effect service according to the Federal Rule of Civil Procedure 4.

Filers should submit a request to the District Court for review of paper filings. Look to the ECF procedural guide for more details on this procedure.

Note: For moderate length paper attachments, consider dividing them into two or more smaller attachments, scanning, and filing them electronically.

Filing Documents and Viewing Documents in Social Security Cases

ECF contains a separate Social Security heading in the “**Civil**” section of ECF. If you are filing documents in a social security case and have one of the following types of documents listed below to file, you should file the document in the social security location in ECF. Otherwise if the document you wish to file is not listed below, you may use any of the other headings or filing options available on the civil events page.

Viewing Documents Filed

Social Security cases are locked in the ECF system so that only parties that are formally part of the case can view the documents that have been filed. When a document is filed, an e-mail notification is sent to the parties on the case that includes a link to view the document. When you click on the link in e-mail you will be asked for both your **ECF** login/password and **PACER** login/password. This is simply a security measure to ensure you have proper access to view the documents. Please review the screen captures below that illustrate the login process required to view documents in a social security case via an e-mail notification.

NOTE TO PUBLIC ACCESS USERS You may view the filed documents once without charge. To avoid later charges, download a copy of each document during this first viewing.

Filing a Certificate of Service in Civil Cases

Certificates of service can either be filed as an attachment in ECF during a filing or as a separate filing. If the certificate of service is filed as an attachment to a filing, the filer must first find out ahead of time who will receive the filing by e-mail and whom the filer must send hard copies to. This can be achieved by clicking on **Utilities/Mailings/Mailing Info for a Case** links in ECF. If the filer is filing multiple events at the same time, then a separate certificate of service can be filed and the steps are outline below.

1. Select the type of document to file

Select **Civil** from the blue menu bar at the top of the ECF screen. The Civil Event window opens displaying all of the events from which you may choose for your filing. This section of the User's Manual describes the process for filing **Certificates of Service** in ECF. The process is similar for filing other pleadings in ECF.

Click on **Service of Process** under, **Initial Pleadings and Services**.

2. Enter the case number in which the document is to be filed.

Enter the number of the case for which you are filing a motion and click on **[Next]**.

- If the number is entered incorrectly, click **Clear** to re-enter. If the computer prompts that you entered an invalid case number, click on **Back** to re-enter.
- When the case number is correct, click on **Next**.
- If multiple case numbers match with the one typed, another window appears asking which case you wish to make the filing in.
- In most screens a case number verification window appears. This window is another opportunity for the filer to be reassured they are filing in the correct case.

3. Case name

The short case title window appears. Please verify you are indeed filing in the correct case. If not use your web browser's **[Back]** button to go back and re-enter the case number. If correct, click on **[Next]**.

The screenshot shows a light blue rectangular window titled "Service of Process" in bold blue text. Below the title, the case number and name "0:01-cv-00020-ADM-AJB Parker v. Osterberg" are displayed in blue text. At the bottom of the window, there are two buttons: "Next" and "Clear", both with black text on a light gray background.

4. Select the Docket Sub-type.

From the drop-down list, choose **certificate of service**. Click on [Next].

5. Specify the PDF file name and location for the document to be filed.

A warning message appears indicating that this filing event **SHOULD NOT** be used if filing a summons-related document such as a summons returned form. If you are truly filing a certificate of service you are following the ECF filing rules and can bypass the warning message.

Note: It is imperative that you attach an electronic copy of the actual pleading when prompted by the system. All documents that you intend to file in ECF **MUST** reside in **PDF** format. Otherwise, ECF will not accept the document and users will be unable to retrieve and read your document from within ECF.

- You must link the PDF document to the filing. Click on the **[Browse]** button. ECF opens the following screen.

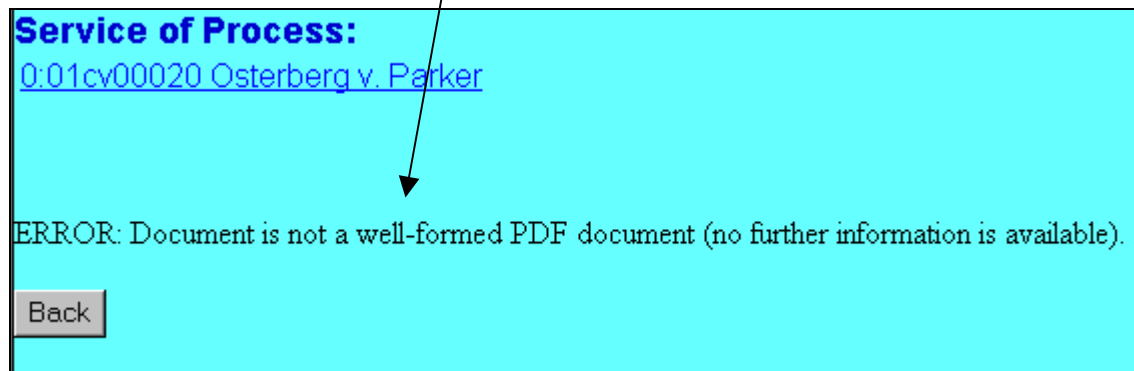

- Navigate to the appropriate directory and file name to select the PDF document you wish to file.
- Highlight the file to upload to ECF.

Note: In order to verify that you have selected the correct document, right mouse click on the highlighted file name to open a **quick menu** and left mouse click on **[open]**. Adobe Acrobat or Acrobat Reader will launch and open the PDF document that you selected. You should view it to verify that it is the correct document.

- Once you have verified the document is correct, close Adobe Acrobat and click on the **[Open]** button. ECF closes the **File Upload** screen and inserts the PDF file name and location in the **Service of Process** screen.
- If there are no attachments to the exhibits, click on **[Next]**. A new **Service of Process** window opens. Go to Section 6, “**Selecting the Filer,**” to proceed with your filing.
- If you have Attachments to your answer, you will select **[Yes]** on the screen depicted above. Click on **[Next]** and proceed to the first step in Section 5, “**Adding Attachments to Documents Being Filed**”.

In the event you selected and highlighted a file that is *not* in PDF format, ECF will display the following error message after you click on the **[Next]** button.

- ECF will not permit you to select a file for your pleading that is not in PDF format.
- Click on the **[Back]** button and ECF will return to the **Service of Process** screen.

Select and highlight the PDF file of your pleading and proceed as before.

Failure to Select A Document to File

If you fail to select a document to file with your pleading, ECF will display the error message depicted below.

- If you click [OK] from the screen depicted above ECF will return you to the **Trial Documents** screen. You cannot proceed without attaching PDF document.

6. Add attachments to documents being filed

If you acknowledged the need to attach documents to your motion during the previous step, a new **Attachment** screen appears.

- Click on [**Browse**] to search for the document file name of the attachment.
- Next to the field for attachment **Type**, click on the arrow and ECF opens a pulldown screen. Highlight the type of attachment from the displayed selection.
- To describe the attachment more fully, click in the **Description** box and type a clear and concise description of the attachment.
- Click on [**Add to List**].
- ECF adds the selected document as an attachment to the pleading. A new

attachments screen opens to display the file name of the newly attached document.

- Repeat the sequence for each additional attachment.
- After adding all of the desired PDF documents as attachments, click on **[Next]**.

When attachments and exhibits are in paper format

Attachments and exhibits that cannot be created and filed electronically and when scanned are greater than 2MB in size, may be submitted in paper format. Filers should submit a request to the District Court for review of paper filings. Look to the ECF procedural guide for more details on this procedure.

Note: For moderate length paper attachments, consider dividing them into two or more smaller attachments, scanning, and filing them electronically.

Query Feature

Registered participants should use this feature to query the Electronic Case Filing (ECF) system for specific case information. To enter the Query mode, click on **Query** from the **Blue** menu bar of ECF.

ECF opens the **PACER Login** screen. You must enter your **PACER** login and password before ECF permits you to query the ECF database.

Note: Your PACER login and password are different from your ECF login and password. You must have a PACER account in order to retrieve, view, and print certain documents.

After you enter your **PACER** login and password, ECF opens a Query data entry screen as depicted below. If you know the number that the Court has assigned to the case, enter it in the **Case Number** field and click on the **[Run Query]** button. ECF opens the query screen depicted on the next page.

The image shows a web form titled 'Query' in blue text on a light blue background. The form has a yellow background and is divided into two main sections: 'Search Clues' and 'or search by'. The 'Search Clues' section includes a 'Case Number' field with a text input containing '01-20' and a hint '(Examples: 99-500, 1:99cv500)'. Below this is a section titled 'or search by' with radio buttons for 'Case Status' (Open, Closed, All). There are also date range fields for 'Filed Date' and 'Last Entry Date'. A 'Nature of Suit' dropdown menu is shown with options: '0 (zero)', '110 (Insurance)', and '120 (Contract Marine)'. Below this is another 'or search by' section with radio buttons for 'Case Status' (Open, Closed, All). There are text input fields for 'Last Name', 'First Name', and 'Middle Name', with a hint '(Examples: Desoto, Des*t)' for the last name. There is also a 'Type' dropdown menu. At the bottom of the form are two buttons: 'Run Query' and 'Clear'.

You may query the ECF database by the name of a party or an attorney to the case. Enter the last name of the party in the appropriate field. If more than one person with that name is in the database, ECF returns a screen from which to select the correct. If you click on the name of the party, ECF

will open the query screen depicted above. If the individual is a party to more than one case, ECF will open a screen listing all of the party's cases. Click on the case number hyperlink and ECF opens the query screen depicted in above.

The screenshot shows the ECF web interface. At the top is a blue navigation bar with the ECF logo and links for Civil, Query, Reports, and Utilities. Below this is a section titled "History/Documents". Inside this section, there are three radio buttons: "All events (history)" (selected), "Only events with documents", and "Display docket text" (checked). Below these is a "Sort by" dropdown menu with three options: "Most recent date first" (selected), "Oldest date first", and "Most recent date first". At the bottom of the section are two buttons: "Run Query" and "Clear". Red circles are drawn around the "All events (history)" radio button, the "Display docket text" checkbox, and the "Sort by" dropdown menu.

After making your selections, click on the **[Run Query]** button. ECF queries the database and builds your report. The screen capture above, depicts a portion of a **History/Documents** report.
